

NUI CERTIFICATE IN ADDICTION STUDIES

Level 7 (20 ECTS)

The aim of this course is to provide participants with a broad overview of key theoretical frameworks in relation to substance misuse and dependence, and to enable them to develop basic helping and intervention skills. This course focuses on introducing participants to current debates on addiction. On completion, participants will have become familiar with contemporary addiction theory as well as prevention and treatment strategies. They will have explored associated issues such as public policy, factual information on substance misuse, gender issues and community drug prevention issues among others. The course will provide participants with adequate knowledge and skills to respond effectively and positively to addiction-related issues as they arise at work or in the community.

Students must be 21 on 1st January 2024.
